

Successor Dog

Puppy Jake Foundation shall give priority on the waiting list for current Veterans wanting to be considered for a successor dog.

The Veteran is not required to repeat the entire application process. Updated paperwork, in-home interview and other updated information will be necessary.

In the event a service dog retires due to age, a successor dog will be provided to the graduate. The retired dog will be re-careered as a pet dog and may continue to reside with the graduate if they choose. If the graduate no longer wishes to keep the retired dog, it will be placed by Puppy Jake Foundation as a pet dog with another family.
